

# 2023

## PEDIATRIC GAMING & TECHNOLOGY SYMPOSIUM

SEPTEMBER 27-28, 2023

A virtual, worldwide gathering of organizations and individuals discussing best practices and what's next in the rapidly growing fields of gaming technology and extended realities within the realm of pediatric healthcare. This symposium covers wide-reaching topics encompassing everything from building fledgling programs to deep-dives addressing and surmounting common challenges. This marks the third annual event welcoming Pediatric Gaming Technology Specialists, Child Life Professionals, Occupational Therapist, gaming & technology vendors and more to collaborate and further develop this emerging field.

**Hosted by Child's Play Charity in partnership with Children's Hospital Colorado**
