

Child's Play | 9660 153rd Ave NE | Redmond, Washington 98052 | www.childsplaycharity.org

Thank you for your interest in joining the Child's Play network of partner hospitals.

Child's Play seeks to improve the lives of children in hospitals around the world through the kindness and generosity of the video game industry and the power of play.

Founded in 2003, Child's Play is a 501(c)(3) charity registered in Washington state, and we partner exclusively with non-profit facilities to provide games and technology to help pediatric patients worldwide.

Here's how being a Child's Play Partner Hospital works from a functional perspective:

1. We work with you to create an Amazon Wish List for your facility Child Life Dept and help you set it up on Amazon Smile if its available in your country.
2. We accept donations from our community and turn that into annual cash gifts to our partner hospitals to support Gaming & Technology needs in the hospital.
3. We also accept in-kind donations from the games industry which we split up and send once a year to our US partner hospitals.

We also accept cash donations from donors who don't wish to buy online, and on occasion video game manufacturers donate large volumes of games. We usually send a care package in the summer that can contain consoles, video games and toys for your patients to use during their stay.

Requirements: Applicants must be currently registered as a 501(c)(3) non-profit organization in the USA, have equivalent status or be a government institution for International charities. We also require partner hospitals to have at least 20 inpatient pediatric beds. Once completed, please email this form to foundation@childsplaycharity.org. Please provide the following information to apply.

Hospital Name:

Foundation Name (if applicable):

(for US organizations, please attach W-9 of the organization that can accept the gifts)

(For Non-US please attach documents or links that show non-profit or government status.)
